

Milton Youth Lacrosse

Guidelines For Hosting Home Games/Jams

Each Milton Team is responsible for their own details & communication for any weeknight games and League Jams.

In Advance Of Your Game/Jam:

- Confirm with Lance & Jen that field space is available for weeknight games. (Milton Lacrosse needs to get prior approval from the town and coordinate with our teams as well as other sports programs.)
- Schedule referees. For weekend games, you'll need to schedule these yourself (Lance can provide contact info if needed). For weekend jams, the league schedules the referees for us. As a rule, you'll need 1 ref per game for the 3/4 level. At the 5/6 & 7/8 Levels, plan on 1 ref for weeknight games.
- Confirm with other team - send field directions & any other details
- Give Jen the names & certification status of referees so that we can get you payment in advance of game day.
- Ask for volunteers for game time/penalty time keepers

Game Day Preparation:

- Move nets onto the field(s)
- Put out orange cones on all fields being used. 7 are required to mark corners, sub box and mid field.
- Greet referees. For 5/6 & 7/8 Jams and playoff games, make sure refs keep score (on all fields) and turn into you at the end of games.
- For multi-field Jams, consider having a parent in the parking lot helping to direct teams to the correct fields.

After Your Game/Jam:

- Pay referees - trade a check for scores!
- Collect cones from all fields used.
- Move nets off from the field(s).
- Make sure no personal items or trash is left behind.
